Subject: Update to Council

Dera ANU Council,

I also wanted to provide an update on a couple of activities.

s. 22 Irrelevant material

s. 22 Irrelevant material

Vinder Consulting:

The Chancellor has never engaged Vinder Consulting to provide any service to ANU.

ANU provides speechwriting support to the University Executive when required.

The Chancellor's office does not engage external providers, and the ANU

Communications team and their executives make determinations on the resourcing and any resultant procurements.

The ANU Communications Team has, on limited occasions, decided to engage the services of Vinder Consulting to provide specialist speech writing knowledge and skills that did not exist within the University.

The total spend over the four years from 2021 – 2024 was \$35,000, and all contracts were well under the minor procurement \$5000 threshold with the ANU Procurement Policy.

The engagement of Vinder Consulting by the relevant Purchasing Officer was compliant with ANU's Procurement Policy.
