Hi Tim,

Thanks so much for the quick response. Looking forward to hearing the response.
In case this has any bearing on the advice, we have had a few enquiries from Journalists requesting access to the recordings.

Hi Louis

I don't have a response right now for excluding point 6 from the release form. I will seek advice from our lawyers on the risks associated with excluding point 6 and who is authorised to approve the exclusion if it is allowed.

Thanks Tim

Hi Tim,

I'm wondering if you can please provide some guidance to the below enquiry? s 22 has asked if it is possible for him to agree to points 1-5 and omit 6 for his participation in two of our virtual sessions. Can you please advise if this is possible? It is worth noting that s 22 is a practicing Lawyer (Special Counsel at Clayton Utz).

The intention for the recordings if approved by the speakers is to share them with those who registered for the events as well as posting a link to them on <https://www.cbe.anu.edu.au/alumni/virtual-alumni-sessions/>.

Thank you again for this. I'd like to have a listen to the recording before confirming, but I'm not really comfortable with number 6 below. I'm happy for the university to use and publish the materials, but I'm not prepared to indemnify you if someone else takes issue with them. Is it possible to only agree to 1-5?

Thanks Louis. I'd also like to have a listen and (as I'm not a lawyer) I'll need the BCG legal team to review before approving. I'll wait to hear back from you so I don't ask them to review twice.

Thank you again for this. I'd like to have a listen to the recording before confirming, but I'm not really comfortable with number 6 below. I'm happy for the university to use and publish the materials, but I'm not prepared to indemnify you if someone else takes issue with them. Is it possible to only agree to 1-5?

Hi Tim – sorry for the delay in getting back to you. You are correct – there isn't a specific delegation relating to decisions to waive indemnity provisions in these sorts of contracts. There has been discussion around creating a delegation regarding situations where the University is being asked to indemnify an agreement/action – but not the other way around.

I think it is a matter of minimising your risks as much as possible. Can you tell me – is an ANU delegate required to sign this media content release form (i.e. to accept it etc?). Normally these contract matters are signed at D3 level – so it would seem sensible to run the situation past a relevant D3 (Research School Director or CGM) or above (D2 – College Dean) to get their go ahead to waive the clause – on the basis that you've taken all possible steps to minimise the risk.

Let me have a chat with the Legal Office – who were you dealing with?

Hi Leslie

CBE is seeking your advice or the Governance team in your absence on the following matter.

Our Alumni team has organised for the recording of the virtual sessions “Virtually in the Know with CBE - COVIDSafe app: Design, purpose, privacy and beyond” and s 22 [REDACTED] to be given by s 22 [REDACTED], Special Counsel, Clayton Utz and s 22 [REDACTED], The Boston Consulting Group, Inc.

These session have now been recorded. It was after this that we presented them with the media content release form which has the following six clauses:

1. The Australian National University ('the University') may record my image, voice, biographical material or other information about me on photographs, or any other media for audio and visual only reproduction ('the Reproduction').
2. The University may use photographic, video, or digital images in which I appear, or in which my voice, biographical material or other information concerning me is used, in publications (including but not limited to brochures, booklets, videotapes, reports, press releases, websites, and exhibits) ('the Publication') for the purposes of education, information, promotion, public relations and fund-raising connected with the University.
3. The Publication and/or Reproduction will be edited at the University's sole discretion; the University may incorporate any part of the recording of me in the Publication/Reproduction.
4. I will not retain any rights, including copyright, or interest in the Publication/Recording.
5. I will receive no payment for the use or recording of my image, voice, biographical material or other information by the University.
6. **I release and indemnify the University from any loss, damage, cost, expense, or claim arising out of the use of my image, voice, biographical material or other information about me, including action for defamation, libellous material, breach of privacy, or copyright.**

They have agreed to points 1-5 but have requested that we omit 6. s 42 [REDACTED]

So coming back to you and the Governance team, who is authorised at the University to omit this point from the materials release form? A check of the delegations framework with the lawyer could not find an appropriate delegation or authorised representative for us to approve the removal. If you can provide us with the information or the appropriate delegated position that would be appreciated i.e. Dean or Director Marketing etc.

An initial review of the content recorded by our Alumni team has found that the speakers have not defamed or conducted any breaches. We are also to ask the Media Office to review the content.

s 22

Happy to discuss further if you like to contact me.

Regards Tim

Hi Leslie

CBE is seeking your advice or the Governance team in your absence on the following matter.

Our Alumni team has organised for the recording of the virtual sessions "Virtually in the Know with CBE - COVIDSafe app: Design, purpose, privacy and beyond" and ^{s 22} [REDACTED] to be given by ^{s 22} [REDACTED], Special Counsel, Clayton Utz and ^{s 22} [REDACTED] The Boston Consulting Group, Inc.

These session have now been recorded. It was after this that we presented them with the media content release form which has the following six clauses:

1. The Australian National University ('the University') may record my image, voice, biographical material or other information about me on photographs, or any other media for audio and visual only reproduction ('the Reproduction').
2. The University may use photographic, video, or digital images in which I appear, or in which my voice, biographical material or other information concerning me is used, in publications (including but not limited

to brochures, booklets, videotapes, reports, press releases, websites, and exhibits) ('the Publication') for the purposes of education, information, promotion, public relations and fund-raising connected with the University.

3. The Publication and/or Reproduction will be edited at the University's sole discretion; the University may incorporate any part of the recording of me in the Publication/Reproduction.
4. I will not retain any rights, including copyright, or interest in the Publication/Recording.
5. I will receive no payment for the use or recording of my image, voice, biographical material or other information by the University.
6. **I release and indemnify the University from any loss, damage, cost, expense, or claim arising out of the use of my image, voice, biographical material or other information about me, including action for defamation, libellous material, breach of privacy, or copyright.**

They have agreed to points 1-5 but have requested that we omit 6. s 42

So coming back to you and the Governance team, who is authorised at the University to omit this point from the materials release form? A check of the delegations framework with the lawyer could not find an appropriate delegation or authorised representative for us to approve the removal. If you can provide us with the information or the appropriate delegated position that would be appreciated i.e. Dean or Director Marketing etc.

An initial review of the content recorded by our Alumni team has found that the speakers have not defamed or conducted any breaches. We are also to ask the Media Office to review the content.

s 22

Happy to discuss further if you like to contact me.

Hi Tim,

I'm wondering if you can please provide some guidance to the below enquiry? ^{s 22} [REDACTED] has asked if it is possible for him to agree to points 1-5 and omit 6 for his participation in two of our virtual sessions. Can you please advise if this is possible? It is worth noting that ^{s 22} [REDACTED] is a practicing Lawyer (Special Counsel at Clayton Utz).

The intention for the recordings if approved by the speakers is to share them with those who registered for the events as well as posting a link to them on <https://www.cbe.anu.edu.au/alumni/virtual-alumni-sessions/>.

Hi Louis

Thank you again for this. I'd like to have a listen to the recording before confirming, but I'm not really comfortable with number 6 below. I'm happy for the university to use and publish the materials, but I'm not prepared to indemnify you if someone else takes issue with them. Is it possible to only agree to 1-5?

Thanks

Hi all,

Vinh – can you please let s 22 from Boston Consulting know about this media enquiry, as a courtesy.

Jess – can you please send the below to the journalist (as approved by Steven Roberts and Jane O'Dwyer) and let me know if/when we get follow up questions.

- Has the university decided to not release the recording of the event, publicly ^{s 22} [REDACTED]? **No** If so, why? **In accordance with the privacy policy, we are unable to release recordings without full permission of all panellists and attendees.**
- Was the decision made with any input from the speakers, or from BCG or Clayton Utz? **The decision to not release the recording is in accordance with our privacy policy.**

Hi all,

I've just added an extra line in for Steven approval:

The Australian National University hosted an event featuring alumni from the College of Business and Economics on xx. The purpose of the event was to demonstrate the skills and experience of our alumni and how they apply what they learned at ANU in their professional lives, using the very timely example of the COVIDSafe app.

s 22

The University is unable to release the recording of the event, in accordance with its Privacy Policy, as we do not have permission from all panellists and attendees to do so.

Thanks,
Jo

Hi Jo,

Thank you for reaching out and for your assistance with this.

can you please help me understand what happened with this event, ^{s 22} 

- The original proposal for this event was for two alumni to speak about the COVIDSafe app from two perspectives, ^{s 22}  (Special Counsel at Clayton Utz) as an expert in government ICT projects, privacy and data protection and ^{s 22}  (Boston Consulting Group) who was involved in the design of the COVIDSafe app. ^{s 22}  had advised he was only able to comment on aspects of the app that were already in the public domain.

^{s 22} 

I understand we've not released the recording because we've not received permission from all panellists – that's completely fine, and in accordance with ANU Privacy Policy, but did we discuss recording the event prior to the event being recorded?

- We did discuss recording the event with the speakers prior to it taking place, however, we advised that a copy of the recording would be made available to the speakers prior to its release so they could approve as well as their respective employers if required. The speakers had not agreed to any release statements or signed release forms prior to the event taking place. [REDACTED] provided approval to release the recording, [REDACTED] (Boston Consulting Group) did not approve the recording be released. [REDACTED]

Please let me know if you require any further clarification.
