Morning s 22,

I had s 47F contact the control room enquiring about CCTV footage surrounding Burgmann & Johns College.

s 47F advised the footage was good to go however I could not locate any USB stick in relation to this incident.

He's asked that we email him (as per below) with details/when he can come and collect.

Dear § 22,

I hope you are well. I am keen to expedite our review of our CCTV system as part of our response to the recent incident and thefts which have occurred.

As our Maintenance Manager is currently on leave I thought I would get in touch to ask whether you could assist in recommending any suppliers of CCTV.

We have CCTV throughout the College but I would like to have it checked to see if we can strengthen and streamline our system in any way.

I'm hoping to have three providers quote for a refresh of our system.

I would be grateful for any advice you can provide.

Kind regards,

Sally Renouf

Afternoon s 47F

Congrats, a good catch.

Please find a report of a DJ Deck that was stolen from the college next door to Bergmann.

It may be in the items from Kelly's property.

I will be creating a list of other items tomorrow, or if you have unidentified items in particular computers let me know.

If you have successfully recovered and identified stolen items/cars from the ANU could you let us know in summary and we will advise the executive accordingly.

Thanks for your teams great work.

Do you have a police incident number?

Do you have a brand name, model name and serial number?

If you can provide those it will be a great help.

I have been advised by Toni Smith that you recently had a DJ Deck stolen, is this correct and if so did you file a police report?

A recent arrest has been made by AFP on a separate incident and there is a chance your loss may be connected, so please respond as soon as possible.

Hi,

Following up from the incident that took place at Burgmann College yesterday morning 28.09.19.

Later in the day it became apparent that 4 laptops were missing from one of the ground floor common spaces. We decided to make an internal announcement asking if anyone had seen them or by chance picked them up and moved them to a different place.

By this morning there was no feedback so it seems that they have been taken. All 4 residents have made incident reports to the AFP. We will be reviewing more CCTV tomorrow morning to see if we can find anything.

The residents who had their laptops stolen are:

Deputy Head of Hall from Johns XXIII College has given us the ok to look at their CCTV footage, but unfortunately then only person that can access the recordings won't be available till Monday morning. Toni is happy for us to come down and look then.

I advised Toni that we are assisting the AFP in looking for an individual that was on our campus early this morning and we know he was in vicinity of Burgman heading through Johns toward Dickson Road, hence he may be on a Johns camera.

She is happy to help.

That's the best we can do for now.
