I'm really sorry for the Teams Spam today everyone! 😊

If we're approved to proceed with a book-a-duck/photo post-exams this year, hypothetically how quickly could you get a) approval to use as a cut out and b) individual photos of both Brian and Julie in their VC/Chancellor dress approved for a life-size cut-out? Do we even have the correct dress "lying about"?

Re; EDM - that sounds great 😊

Don't say sorry, it's good!

Approval shouldn't take too long - I'd ask s22 to take it to VC and Julie next time he spoke to them. Organising photo with Brian in full dress will be easy. Grads have staff robes on campus

it will be Julie's that will be difficult

BUT from memory, we have images of JB already, full length, in her ANU robe

I'll chat to s22 and see if it's high enough res

that is a perfect image for the cut out

cause there's a bit of distance so we can make them into separate

I'll ask s22 if this is high enough res

to be used as life size

if the answer is yes, we just need approval from JB and VC to use and then you guys can get them printed 😊
