London Alumni Scholarship at The Australian National University

Create Opportunity

Talent is everywhere, opportunity is not. You can create opportunity by giving to scholarships that will change lives.

A university education improves lives. It leads to better employment, better health outcomes, and higher lifetime earnings. It can lift families and their communities out of hardship and transform society.

At Australia's national university, we believe that anyone admitted should be able to attend, independent of their financial means. This belief, shared across our community, is the reason a group of UK-based ANU alumni established the London Alumni Scholarship.

By supporting the London Alumni Scholarship at The Australian National University (ANU), you will empower students with immense potential to succeed, regardless of their background.

Thank you for considering joining ANU in this important mission.

Improving access to higher education

ANU is creating better, fairer access for university students across the country, regardless of their personal circumstances.

Scholarship support is critical to ensure that expenses are not a barrier to attendance for talented students who are offered a place at ANU. Some students coming from across Australia will face financial challenges when leaving home to live and study in a new city. However, many of them can be supported through the generosity of our donors.

To help fund these scholarships, ANU is looking for generous philanthropic partners like you to help our students reach their potential.

CHOICE + FREEDOM

UK Alumni Supporting Students

The enthusiasm and generosity of our ANU Community in the UK is a testament to the ANU experience. Supporting scholarship programs is a special way alumni can ensure future ANU students also have a life-changing university experience. With such a strong alumni community in the UK, this is an opportunity to directly connect with the University, the campus and the next generation of students.

“Our world is facing enormous challenges and we will only address them for the benefit of everyone, if more of us are able to access and value the intellectual freedom that thrives in the university environment.” Jane MacLeod, ANU alumna and London Alumni Scholarship donor.

The difference your support will make

By giving to the London Alumni Scholarship, you are creating a life changing opportunity. Supporting students who might not otherwise be able to come to ANU means our community becomes richer and more diverse.

Our goal is to raise \$884,000 AUD (approximately £204,375 GBP) for an endowed fund, which will ensure funding for this scholarship in perpetuity.

By supporting the London Alumni Scholarship, you can help break down barriers to education, one scholarship at a time.

Every contribution, whatever the size, can help us reach our goal. Please help spread the word to your fellow alumni.

“ Receiving a scholarship gave me choice. I could choose if I wanted to work or focus on my studies, as it gave me that financial freedom. I didn't have to worry about trying to hold down two to three jobs to support myself; it was about freedom and choice. ”

Zoe Turner (left), who completed her degree in actuarial studies at the ANU College of Business and Economics in 2019, thanks to receiving the National Indigenous University Scholarship and the Brian Brogan Prize for Aboriginal and Torres Strait Islander Students.
