CAREERS &
EMPLOYABILITY

ANU Employer Engagement Team

At ANU Careers, our team of qualified and highly specialised staff have been connecting industry with students for many years. We pride ourselves on assisting and advising employers on the best ways to attract and secure the ANU talent they are looking for. We offer a wide range of services to assist employers in the promotion of employment opportunities exclusive to ANU students.

The ANU has 7 academic colleges that house a number of schools and research centres that specialise in a range of disciplines - some unique in Australia and the region. As a central service, we operate across every discipline area at ANU and our team can connect you with students at all year levels, including recent graduates up to 12 months after completion. Our industry partners include public, private, and not-for-profit sectors. We are always interested in working with you to come up with creative ways to meet the needs of your organisation and can tailor strategies or explore new and innovative ways for you to engage with our students.

Start- Up Events

A new engagement initiative

Start- Up Panel Discussion

We are inviting industry representatives and ANU Academics passionate about innovation and entrepreneurship to join us for a panel discussion event titled "What is it like to work at a Start-Up ? How to join and why stay?"

This panel discussion aims to raise awareness of the rich diversity of career paths open to ANU students in the Start-Up environment. We will talk about some of the unique challenges, opportunities and experiences associated. Panel members will have the opportunity to share their expertise, engage in meaningful conversations, and provide invaluable advice to a broad range of ANU students of all disciplines.

Our goal is to connect students with dynamic, growing Start-Ups, providing them with a unique opportunity to explore new career paths and gain insights into the exciting world of entrepreneurship.

Date: Wednesday 2 August

Time: 3:30 - 5:30pm

Venue: Innovation Space Birch, Building 35 Science Road

Audience: All Degrees

REGISTER NOW!

Start- Up Speed Networking

The Start-Up Speed Networking follows a structured format which is designed to facilitate quick and focused conversations between students and start-up representatives.

Employer's gains:

1. Showcase your Start-Up: present your company's mission, vision, and the innovative work you're doing to a group of enthusiastic and ambitious students who are eager to learn about emerging employment opportunities.
2. Engage with top talent: connect with students who are actively seeking internships, entry-level positions, or potential employment with Start-Ups. Share the unique opportunities and growth potential that your Start-Up offers.
3. Contribute to the entrepreneurial ecosystem: support the ANU by offering guidance, mentorship, and insights into the Start-Up landscape, empowering students to make informed decisions about their career paths.

Date: Thursday 17 August

Time: 12:00 - 2pm

Venue: Innovation Space Birch,
Building 35 Science Road

Audience: All students

Industry Discussion Panel

The Industry Discussion Panel is part of a series of career and employability activations within the Asia Pacific in Motion course. Here, students will receive an in-class introduction to ANU Careers & Employability along with key services and resources. The Industry Discussion Panel will expose first year students to potential career paths leading from studies in this field.

Date: September

Time: TBC

Venue: Hedley Bull Building 130 Garran Rd

Cost: FREE

Audience: Asia Pacific in Motion Course

For more information on how to connect with students or promote a job visit [Employers CareerHub](#)

The ANU Biology Society in collaboration with ANU Careers and Employability are hosting an in-person Speed Networking event for both Undergraduate and Postgraduate biology students.

The event presents a great opportunity for students to gain valuable knowledge about STEM careers while providing employers with the opportunity to directly engage with students who have a keen interest in scientific/technical research and development roles in bio-engineering/biotech, environmental sustainability and research.

Career Skills Workshop - Focus on Networking

ANU Careers & Employability will host a Career Skills workshop with a focus on Networking before the Speed Networking event. The workshop will help students navigate through the art of networking and provide insights in establishing connections with like-minded individuals, professionals, and organizations within their area of interest.

Date: Thursday 10 August

Time: 12:30 - 2pm

Venue: KAMBRI

Audience: Research School of Biology Students

College of Health & Medicine

College of Science

The College of Health and Medicine and the College of Science in collaboration with ANU Careers and Employability are hosting an in-person Speed Networking event for Undergraduate Health and Medical Science Students. This event offers a collaborative environment for employers to connect with students that have an understanding and deep knowledge of complex health care challenges, and the interconnected nature of health care and science. In addition, students have acquired critical thinking, adaptability, problem solving and communication skills in their course.

This event presents a great opportunity for students to gain valuable knowledge about different career pathways while providing employers a platform to engage in person with discipline specific students.

Career Skills Workshop - 'Focus on Networking'

ANU Careers & Employability will host a Career Skills workshop with a focus on Networking before the speed networking event. The workshop will help students navigate through the art of networking and provide insights in establishing connections with like-minded individuals, professionals, and organizations within their area of interest.

Date: Thursday 21 September
Time: 1:00 - 2:30pm
Venue: Florey Building Rm 2.36

Types of Engagement

Connect with ANU students of all degrees through a variety of events tailored to different industries

Career Fairs

The Australian National University presents a variety of career fairs uniting a remarkable pool of ambitious and accomplished students from diverse disciplines, all eager to embark on their professional Journeys.

Participating in ANU Career Fairs is an fantastic opportunity to personally connect with prospective candidates, elevating your brand visibility and gaining invaluable exposure to top-tier talent for your organisation.

Industry Panel Discussions

Industry Panel's offer employers a unique opportunity to showcase their organisational values and culture along with addressing the pressing topics our curious students are eager to explore. This event brings together several employers, providing students firsthand insight into various industries, empowering them to make informed choices and put energy behind an application.

Industry Career Stories

We are thrilled to introduce our latest employer engagement initiative, Industry Career Stories. This is an opportunity for industry professionals to share stories of their work life, be they recent graduates or further along in their career. Sharing these stories will offer valuable insights into the roles and opportunities within the organisation, types of projects they are working on and the impact this has. Additionally, discuss the importance of planning, what steps were taken to get into the role, and were there any pitfalls. Take the opportunity to talk about the examples of mentoring graduates, the skills and capabilities new grads bring, highlight any gaps and empower the future success of aspiring professionals.

Types of Engagement

Connect with ANU students of all degrees through a variety of events tailored to different industries

Speed Networking

Join us in our Speed Networking Events that are divided into various industries including Government, STEM, Consulting and more. Engage in 10 - minute sessions where you can delve into topics such as resume and interview tips, strategies for becoming a competitive job candidate, and the significance of building strong professional networks. You will also have the opportunity to discuss diverse roles, responsibilities and career opportunities within your respective sector.

Employer Presentations

This is a fantastic way to showcase your brand and engage with ANU students across all year levels and directly present your graduate programs or opportunities. Whether in-person or virtually, our Employer Visits Program enables you to effectively communicate essential details regarding your application process, learning and development aspects, share stories of recent graduates and provide a deeper understand of your organisational culture. ANU Careers & Employability are committed to maximizing audience attendance and optimal outcomes for each employer. While our peak Employer Visits Program takes place in late Feb, March and April annually, we warmly welcome sessions throughout the year.
